Subject: Wild Rose Hatchery Education Center Donation

Dear Mr. Blanck:

On behalf of the Department of Natural Resources, please accept my thanks for Muza Sheet Metal's kind donation of siding, valued at \$600.00, to be used in the children's exhibit, "A Day at the Hatchery." We appreciate this donation to support the development of this educational exhibit and add a touch of realism at the Wild Rose Hatchery Education Center.

The hatchery is a popular destination for school groups and vacationing families. We are very enthusiastic about continued exhibit development that will enhance the visitors' experiences at the hatchery. With your thoughtful gift, we can provide better opportunities to help visitors understand the value of our fisheries, how they can enjoy it and their role as stewards of this resource.

It is my pleasure to provide the enclosed certificate acknowledging the contribution from the Muza Sheet Metal Company.

Again, thank you for your generosity.

Sincerely,

Michael Staggs, Director  
Bureau of Fisheries Management
